

## SERVICES

Services provided to our clients in cooperation with our partners include:

### CZECH RED CROSS

Our clients will be looked after by qualified nursing staff from the Czech Red Cross providing above-standard services and personal approach.

### MEDICON HOSPITALS

In the event of any health complications or problems, our clients can use the follow-up care provided by Medicon Hospitals.

### SAFE LIFE WITH EDA

To ensure a safe life of our clients we offer a new, unique service – an electronic bracelet – to ensure their safety at all times.

**BEZPEČNÝ ŽIVOT**

We are thankful to our partners.

## IMPORTANCE OF ACTIVE AGEING

2012 has been proclaimed the European Year for Active Ageing.

*All visualisations shown are for information purposes only.*

Active approach to our senior citizens is based on the principles of solidarity, respect of individuality and uniqueness. Its main objective is to give older people a chance to lead a happy life, to have access to high-quality care and, last but not least, their participation in active life and intergenerational integration.

## ABOUT THE PROJECT

RoSa Residence has been designed to comply with the needs of senior citizens. This is evidenced by the **CHOICE OF NON-SLIP FLOORING, BARRIER-FREE ENTRANCES** in all areas, **ELEVATORS**, sufficient lighting facilities and other elements to provide orientation, **PREMISES FOR GETTING TOGETHER** and social activities of senior citizens.

RoSa Residence will be an **OPEN PLACE** with a social and community centre, healthcare services, cultural programme and other recreational activities. The grounds will be **PARTLY OPEN TO GENERAL PUBLIC** to help the integration of residents in the everyday life.

We will plan various social activities for our residents to help them experience social solidarity, and keep fit, both physically and mentally. We will also encourage them to learn to use new technologies.

The project is in preparation. For more details please visit [www.REZIDENCEROSA.CZ](http://www.REZIDENCEROSA.CZ)
